

STUDENT DROP-OFF, PICK-UP, AND TRAFFIC FLOW

Student Drop-off , Pick-up, and Traffic Flow Information:

Student drop-off in the morning will be at the athletic complex entrance, where students will enter the building through Commons A. Parents are asked to pull up all the way to this drop off point and not to stop directly in front of the main office entrance.

In the afternoon, parents are asked to park in the designated “Parent Pickup Parking” area, which is the parking area adjacent to staff parking.

The one-way road that passes in front of the building will be blocked off until 4:05-4:10 pm in order to provide a safe environment for our students to exit the building and walk to their cars.

The faculty and student parking areas will be closed off to through traffic.

Please remember that we have a large number of student drivers who leave school at 4:00. It would be helpful for parents to wait until 4:10 to pick-up their student, although we know this may not always be possible.

Traffic patterns were established to ensure the safety of our students, faculty and staff, and all visitors, as well as to maintain traffic flow on Staples Mill and school property.
